

Calling All Changemakers: Attend the 2025 Veterinary Innovation Summit

Want to be a part of imagining and building the future of the veterinary profession? Engage with like-minded industry leaders and redefine what's possible through collective imagination, ingenuity, and insight at this year's Veterinary Innovation Summit (VIS).

Presented by the Veterinary Innovation Council and powered by the NAVC, VIS is the original convener of collaboration and innovative thinking in the veterinary profession. Join a diverse group of forward-thinking professionals to explore how veterinary medicine will lead, respond, and prosper now and for years to come.

This event will focus on 20-plus topics over 3 days of discourse and connection. Key sessions will include:

- 2025 Trends and Innovations: Presentation and Panel Discussion
- Balancing Cost, Quality, and Access
- Creating a Veterinary Utopia
- Innovative Clinic Sustainability Initiatives
- Funding the Innovation Lifecycle Today
- Rethinking Efficiency in Veterinary Care

Networking opportunities will abound with dedicated breakfasts, open forums, and relevant exhibitor

presentations. Connect with individuals and companies who can guide you in making the change that you wish to see in the industry. You will be introduced to new products and new ways of thinking that will make a positive impact on your workplace, colleagues, clients, and patients.

VIS 2025 will take place September 3 to 5 in Kansas City, Missouri, at the Loews Kansas City Hotel. Discounted room rates are available until August 12. Register today to save \$100 before the price increases August 1. For more information, visit veterinaryinnovationcouncil.com/veterinary-innovation-summit.

Perspectives from Past VIS Attendees

"I really liked that innovation wasn't limited to technology, but also seen in individuals and in processes. The opportunity to connect and network was outstanding."

"Meeting the tech startups in the space was fantastic. The whole summit had great energy and everyone seemed excited and motivated for the future of our industry!"

"I enjoyed all of the innovative and forward-looking people in one place that were open to discuss and share their big ideas."
